

Upgrading CAST AIP

In this section:

- [Upgrading to CAST AIP 8.2.x](#)
- [Changes in results post upgrade](#)
- [Case Study - Measurement changes after upgrade for selected customer applications](#)
- [Appendix: Using the CAST Update Tool - GUI](#)

Target audience:

CAST AI Administrators

Summary: This guide provides details about how to upgrade and migrate from previous versions of CAST AIP to **CAST AIP 8.2.x**

Introduction

Please see the documentation below that deals with upgrades from **CAST AIP 7.3.x/8.0.x/8.1.x** and **between Service Packs** of CAST AIP 8.2.x:

- [Upgrading to CAST AIP 8.2.x](#)

Please note that it is extremely important to action each step in the order listed in the guide.

Impact of upgrading on analysis results

Please also consult:

- [Changes in results post upgrade](#)
- [Case Study - Measurement changes after upgrade for selected customer applications](#)

which contain information about changes made between previous releases of CAST AIP and CAST AIP 8.2.x, which may impact the results of your post-upgrade snapshot.
