

# CAST Extend website

- [Introduction](#)
- [Sign In](#)
- [Register for access](#)
- [Account Management](#)
  - [Profile](#)

 **Summary:** this page provides an explanation of the **CAST Extend Website:** <https://extend.castsoftware.com>

 CAST Extend is not supported when using **Internet Explorer**.

## Introduction

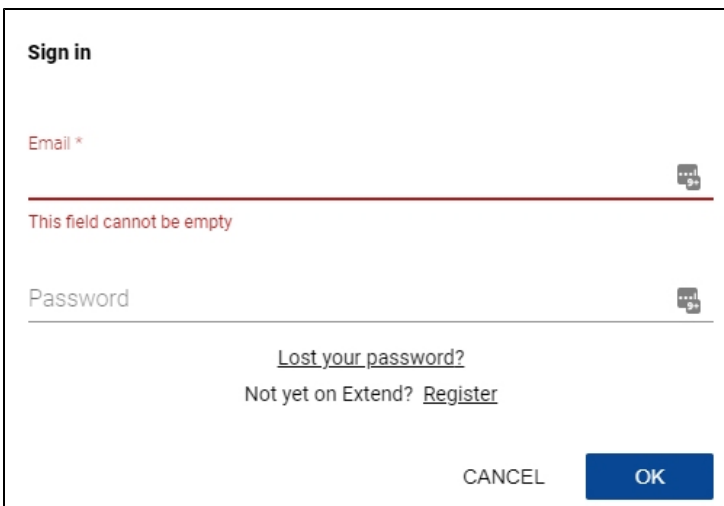

The **CAST Extend website** is the main "hub" for managing extensions. Extensions can be **downloaded** (official and custom) and **uploaded** (custom) in a modern graphical interface accessible in your browser. Access requires registration but is open to all active/current CAST customers and CAST partners. If you require a temporary account, please [contact CAST Support](#).

## Sign In

Before you can download/upload an extension using the CAST Extend website, you must first **Sign In** with your unique login/password. To do so, click the **Sign In** button in the top right corner of the CAST Extend home screen:

A new screen will be displayed in which you can either **enter your user name and password** (if you have already registered), or [register for access](#) if you have not already done so:

A white rectangular form titled "Sign in". It contains two input fields: "Email \*" and "Password". The "Email \*" field has a red error message below it: "This field cannot be empty". Below the "Password" field, there are two links: "Lost your password?" and "Not yet on Extend? Register". At the bottom right of the form are two buttons: "CANCEL" and "OK".

Click **OK** to sign in.

## Register for access

To register for access, click the **Register** button in the top right corner of the CAST Extend home screen (alternatively you can click **Sign In** and then choose **Register**):

Fill in the required fields to create your account and then click Register - note that your email domain name must be preset on a list of valid CAST customer domains before you can register. If you are unable to register due to this, please contact CAST Support.

**Create a new account**

Already has an account, click here to [Sign in](#)

**REGISTER**

An email will be sent to your chosen email address when you click the **Register** button. Please make sure that you click the link contained in the email to ensure that your registration is processed correctly:

# Account Management

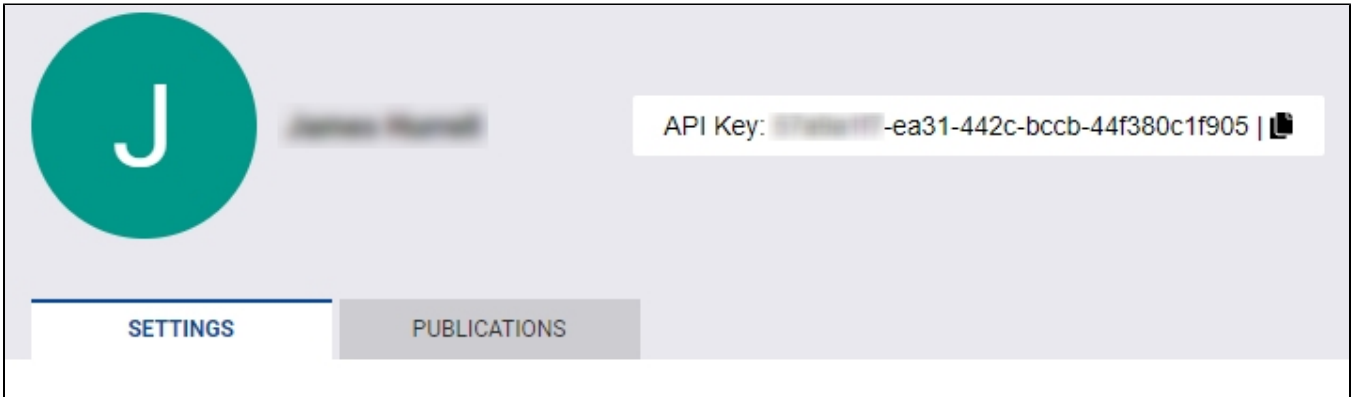

Clicking your login name in the top right corner will display a screen enabling you to manage your account:

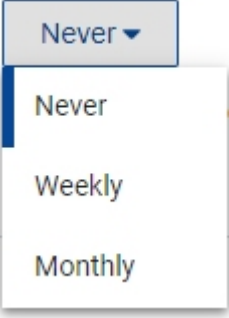

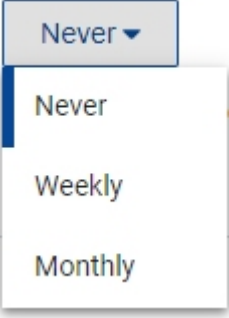

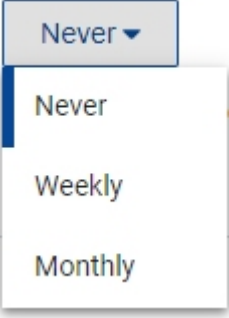

Option	Description
<b>Profile</b>	Use this option to update and change your <a href="#">CAST Extend profile</a> and various other settings.
<b>Logout</b>	Click to log out of CAST Extend.
<b>About</b>	Displays the current release number for CAST Extend.
	Use this option to create a new package to <a href="#">update CAST Extend Offline with new content</a> .

## Profile

The Profile option enables you to update various settings related to your account:

<b>API Key</b>	The API key uniquely identifies your account and is required if you want to use a command line script to <a href="#">upload extensions for sharing</a> with others.								
<b>Settings tab</b>	Contains profile update settings: <table border="1"><tr><td><b>Upload new avatar</b></td><td>Upload an image file to replace the icon used to identify you throughout CAST Extend.</td></tr><tr><td><b>My info</b></td><td>Update the First and Last names associated with your account.</td></tr><tr><td><b>Subscriptions</b></td><td>CAST Extend can be configured to periodically send out emails containing information about the <b>latest releases available in CAST Extend</b>. By default this email notification will <b>never</b> be sent out, however, you can update the settings to send out email: </td></tr><tr><td><b>Change password</b></td><td>Update your account password.</td></tr></table>	<b>Upload new avatar</b>	Upload an image file to replace the icon used to identify you throughout CAST Extend.	<b>My info</b>	Update the First and Last names associated with your account.	<b>Subscriptions</b>	CAST Extend can be configured to periodically send out emails containing information about the <b>latest releases available in CAST Extend</b> . By default this email notification will <b>never</b> be sent out, however, you can update the settings to send out email: 	<b>Change password</b>	Update your account password.
<b>Upload new avatar</b>	Upload an image file to replace the icon used to identify you throughout CAST Extend.								
<b>My info</b>	Update the First and Last names associated with your account.								
<b>Subscriptions</b>	CAST Extend can be configured to periodically send out emails containing information about the <b>latest releases available in CAST Extend</b> . By default this email notification will <b>never</b> be sent out, however, you can update the settings to send out email: 								
<b>Change password</b>	Update your account password.								
<b>Publications tab</b>	This tab enables you to <a href="#">Manage uploaded extensions</a> .
