

Release Notes - CAST Security Dashboard - 1.13.1

- [Content matrix](#)
- [Resolved issues](#)
- [Updates](#)
 - [Critical rule flag now displayed in some Miscellaneous Reports](#)
 - [Predefined Industry Compliance reports](#)
 - [UI update for the Action Plan](#)

 **Summary:** This page describes the new features and bugs that have been fixed in the CAST Security Dashboard Package 1.13.1.

Content matrix

Version	Summary of content
1.13.1	UI changes: <ul style="list-style-type: none">• Add critical flag for some Miscellaneous Reports• Add new Industry Compliance Reports• Improvements to the Action Plan No customer bugs fixed in this release.

Updates

Critical rule flag now displayed in some Miscellaneous Reports

The following [Miscellaneous Reports](#) have been modified to show the critical rule flag:

- List of removed violations
- List of new violations

This flag is displayed as a red dot:

Report Category: **Miscellaneous Repor...** Report Type: **List of new violati...**

List of new violations TOTAL QUALITY INDEX 

RULE NAME	OBJECT NAME LOCATION	STATUS	!	
Avoid accessing data by using the position and length	[c:\jenkins7_slave\workspace\CAIP_T ... T\Deploy\Big Ben\Presales\PROG-BATCH].COCPB10	added	●	→ 
Avoid accessing data by using the position and length	[c:\jenkins7_slave\workspace\CAIP_T ... \Deploy\Big Ben\Presales\PROG-BATCH].COVAB241	added	●	→ 

Predefined Industry Compliance reports

The list of available [Industry Compliance Reports](#) has been updated this release. New reports in this release:

OWASP-Mobile-2016 Compliance Report
CWE (2011) Top-25 Compliance Report
CWE (2019) Top-25 Compliance Report
OMG-ASCQM Compliance Report
OMG-ASCQM Security Compliance Report

UI update for the Action Plan

Some aspects of the **Action Plan** have been updated to provided a better end-user experience:

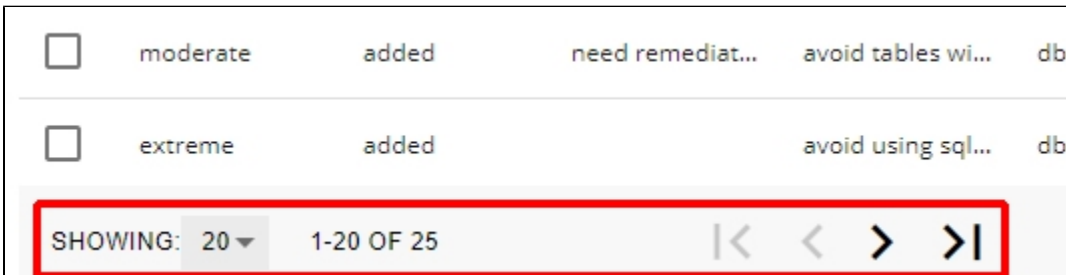

Click to enlarge

<input type="checkbox"/>	PRIORITY	STATUS	COMMENT	RULE	OBJECT NAME LOCATION	LAST UPDATE

Users can now filter the Action Plan table based on the **Priority, Status, Comment and Rule** columns (multiple filter criteria). For example, it is now possible to select a **single filter criterion** or **multiple filter criteria** in **one column** or **multiple columns**. There is a new icon in the table header to trigger the filter dropdown:

At the bottom of the list of violations in the Action Plan there are now improved options for pagination of items:

The **Showing** option allows you to view violations in groups of **20, 100** or **all violations**:

high	added	solucionar
high	added	solucionar
SHOWING:	201-300 OF 795	

The arrow icons allow you to move through the violations:

	Return to the very first page of violations.
	Go back one page, depending on the number of violations chosen for display.
	Go forward one page, depending on the number of violations chosen for display.
	Go straight to the very last page of violations.
