

# For the Delivery Manager Tool

## Redirection Notice

This page will redirect to [TECHNOS:Packaging source code for file technologies](#).

CAST provides CAST Delivery Manager Tool (DMT) extensions for the **extraction and discovery of specific technologies** as well as for accessing **source code management systems** where source code is stored:

- [For CVS](#)
- [For DMT Framework Scanner](#)
- [For Git](#)
- [For specific technologies](#)
