

ASP - Available extensions

- [Discovery / Extraction support](#)
- [Miscellaneous](#)

 **Shipped with CAST AIP Core** - this denotes the fact that the extension is shipped with AIP Core and is installed by default with new CAST AIP schemas and during a CAST AIP upgrade. Extensions not shipped with CAST AIP Core will need to be downloaded and installed manually.

Discovery / Extraction support

Extension	Extension ID	Shipped with CAST AIP Core?
ASP Discoverer *	See note below.	

 "Discoverers" marked with a "*" are not currently provided as extensions: instead they are embedded in CAST AIP Core and are therefore present "out of the box".
