## MS SQL Server / Sybase Analysis Unit editor - Source Settings tab

This section provides a detailed description of the specific **Source Settings tab** in the **MS SQL Server / Sybase Analysis Unit editor**:

The screenshot shows the 'Source Settings' tab in the 'CASTPUBS' editor. The 'Name' field is 'CASTPUBS'. The 'Analysis Unit description' field is empty. The 'Extraction path' field contains 'X:\CAST\72\CSS\DEPLOYMENT\MEUDON\TSQL\DatabaseExtraction.uaxdirectory'. Below this field, there is a note: 'Folder where to find \*.SQLTABLESIZE files. If empty, \*.SQLTABLESIZE files are searched in extraction folder'. The 'Tables Sizes folder' field is empty. There is an 'Execute' button next to the 'Source Settings' tab.

### Source Settings tab

<b>Extraction path</b>	The file based location of the results of the T-SQL extraction process. This field is read-only.
<b>Tables Sizes Folder</b>	See <a href="#">How to enable the XXL Quality Rules using the Table Size Folder</a> for more information.
