

CAST Engineering Dashboard - Metrics - AFP - zero FP

Description

In the Dashboard Automated IFPUG Function Points Estimation is coming as zero

Applicable in CAST Version

Release	Yes/No
8.3.x	✓
8.2.x	✓
8.1.x	✓
8.0.x	✓
7.3.x	✓
7.2.x	✓
7.0.x	✓

Action Plan

For the calculation of Automated IFPUG Function Points Estimation, it is necessary to analyze the participating database as well, else the FP will be 0.

For example, if you have analyzed the Java source code and have not analyzed the participating database, the FP will be 0. So for the calculation of FP, you need to analyzed the database as well

If you cannot analyze the participating source code, you need to

1. Define the proper set of end point in your client source.
2. Please contact your CAST consultant in case you need further assistance setting the configuration of your end points
